

The Division of Medicinal Chemistry of the Italian Chemical Society and the European Federation for Medicinal Chemistry organise in Urbino, Italy, the 38th edition of the:

European School of Medicinal Chemistry (ESMEC)

EFMC Accredited School

July 1-5, 2018 | Urbino, Italy

The Scientific Committee of the European School of Medicinal Chemistry (ESMEC- Urbino) and the European Federation for Medicinal Chemistry (EFMC) **offers 13 (10 + 3) scholarships for the participation to the XXXVIII edition of the school, scheduled from July 1 to July 5, 2018.**

The scholarships, covering the registration fee and the full board accommodation, will be assigned to PhD students enrolled in Doctoral Schools held in one of the member countries of EFMC, excluding Italy.

A Committee formed by Prof. Dr Rui Moreira, representative of EFMC, Prof. Stefania Butini and Prof. Marco Macchia, members of the School's Scientific Committee, will carry out the selection on the basis of the candidate scientific CV and research project.

This year the scientific programme includes the following topics:

- Medicinal chemistry approaches in personalized medicines
- Continuous flow chemistry in drug discovery and development
- Beyond PhD: Writing grants
- Reducing drug attrition rate: predictive PK and ligand residence time
- Market watch: new drug approvals in 2017 and synthetic strategies

Applicants are invited to fill in the [enclosed form](#) and to send it along with a CV, a motivation letter and the abstract of the research project, preferably by e-mail, stating in the subject box "ESMEC Grant Application", within **March 23, 2018** to:

Prof. Marco Macchia
University of Pisa
